

Final Report —Activity Report—

“Alive” - Chapter IV in Japan / Tokyo, Kanagawa and Saitama / January – March 2020

My idea out here in Japan, I focused on two different types of victims.

I/ Former scholarship students who had arrived in Japan before Khmer Rouge

1. Mr. GORO ENDO (Lives in Saitama) / Could not meet up for photo

I have done interview with him. I wanted to meet up with him to take his portrait with his object, but because of worrying of spreading of the Coronavirus, we couldn't meet up for photograph. But, I ended up to replace his present to his sister in law who he had called to Japan after the regime.

2. Mrs. SUWAI SETHARIN (Lives in Tokyo)

3. Mr. KIM HUY SAM (Lives in Tokyo) / Could not meet up for photo

To me, he is one of the key person in this project “Alive” – Chapter IV in Japan. I have done interview with him. I wanted to meet up with him to take his portrait with his objects, but because of worrying of spreading of the Coronavirus, we couldn’t meet up for photograph.

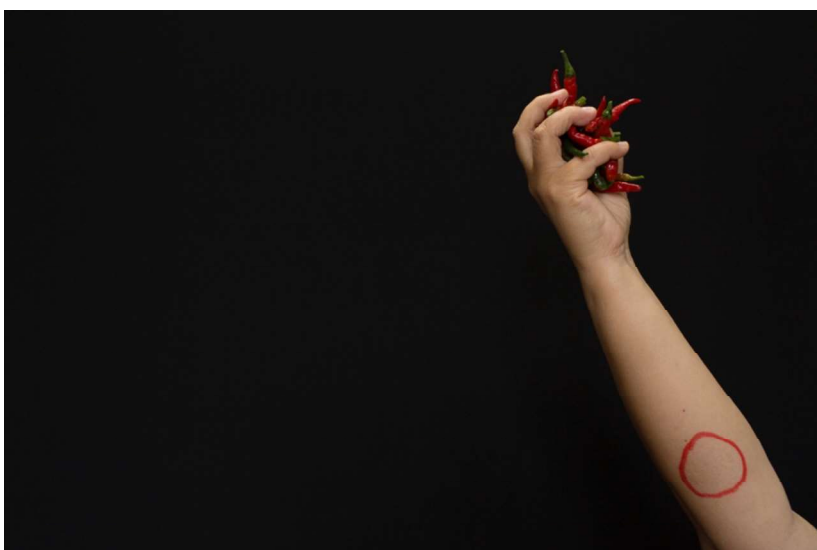

When the situation of the virus will be back to normal/ better, I would plan to come back to Japan to take photos, portrait of him and his objects as well.

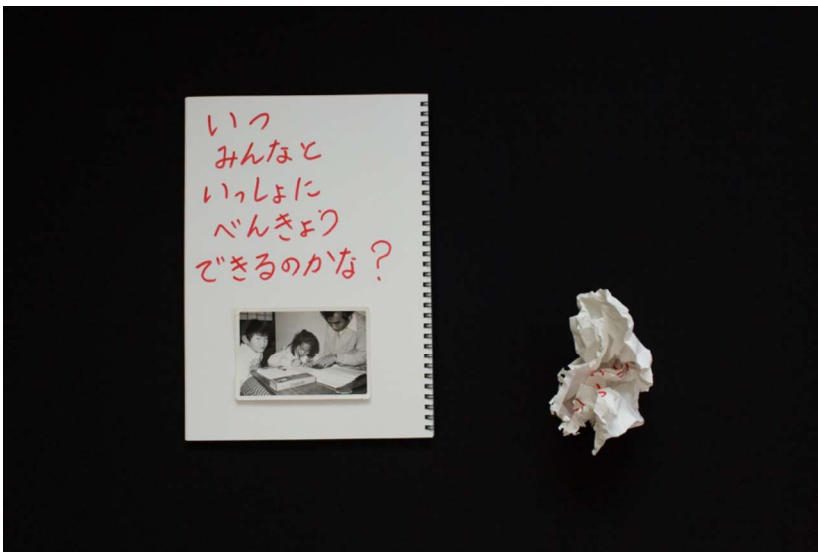

NOTE:
He got some important words to share, so, even without the photos, I will use his words as well.
